Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant's representative discussed the cited Scrifes et al reference as teaching away from the claimed invention, by preventing the feedback signal from entering the DFB laser cavity and discussed the cited reference Feuer not teaching phase discriminating properties of the saturable absorption element. Applicant's representative agreed to provide a written submission clearly discussing these deficiencies of the cited prior arts for reconsideration by the examiner.
